

Foster Application

Thank you for your interest in becoming a foster with Paws with a Cause rescue. We rely on our foster volunteers to provide a loving home for our cats and dogs while we search for the perfect home for them and match them to the right owner. Without our fosters, we would not be able to take any animals in to our rescue.

Steps in the foster application process:

1. Submit the application.
2. Your application will be reviewed by our team at Paws with a Cause.
3. Once an animal comes into our rescue that matches the need your household can meet, we will be in contact to set up a meet and greet.
4. The animal is transported to your home by a member of the Paws with a Cause team, along with all supplies (food, medication, bed, toys, sweater/coat if need be).
5. The animal will be assessed on a weekly basis by a member of our team, who will also be in regular contact with you as you foster. As we get to know the animal and their specific needs, a pet profile will be listed on our website and social media pages to promote their adoption. Once someone is interested, a member of the team will transport the animal to meet the potential adopter.

Any and all information collected on this application will be used for the sole purpose of Paws with a Cause to evaluate and determine the best suited home for a pet. Filling out an application **does not** immediately qualify you for Foster approval, but each submission will be given the utmost consideration. Foster Applications will be held on record and may be considered at a later date. We ask that you be truthful with the information you provide and update us if anything in your circumstance changes.
